Open Enrollment/Alternative Education Registration: February 5 - 11, 2010 The district's open enrollment process is a clear statement of the Board of Education's policy to offer parents choices to meet individual student needs whenever possible. Your child is expected to continue in his/her current school for the 2010-2011 school year. Students new to the district are expected to attend their attendance area school.

If you want your child to attend another school next year for any reason, open enrollment or alternative education procedures must be followed. Detailed registration information is available on the District website or by contacting the Student Assignment Office.

Questions regarding these procedures should be directed to the Student Assignment Office, (408) 252-3000, extension 110.

Open enrollment/alternative education requests may be made to **one school only** and should be submitted to the school of desired attendance. As district enrollment continues to increase, space for open enrollment transfers may be limited at some schools or specific grade levels. If your child is not selected for the school requested during the open enrollment period, parents may apply to other schools beginning April 1, 2010.
